Session Three- Camp Twin Lakes, June 9-14
Session Four- Camp Barney Medintz, July 28- August 3

ABOUT THE PROGRAM

The Counselors In Training will be our oldest campers and enjoy a fun-filled week of Camp Kudzu focused on transitioning into independent adults as well as leaders and positive examples for the next generation of campers. They will be in cabins of 8-9 CITs with 2 counselors, but will experience a specialized schedule combining traditional camp activities with leadership training, diabetes management education, and learning to support each other. Each CIT will become a "camp buddy" for the week with a younger cabin, and will spend time with them at activities throughout camp. There will also be a CIT-led evening program with the entire camp! Lastly, this week of camp will serve as an "interview week" for the following year, when CITs have the opportunity to apply for the Junior Counselor program.
