

Spiritual Preparation for Death

Sunday, July 22 at 9:00 am in the Bloom Room

So many times, we focus on the after-life, living wills, burial sites, etc. How about the here and now, and pre-hospice? Are you feeling comfortable with your spiritual approach to death? If you could talk to your own Death, what would you say? We hope you'll come join us to listen to a song, read a poem, and discuss your thoughts and feelings about (your) death. You may find this to be interesting and spiritually energizing!
