

PALLIATIVE

FRIDAY, JUNE 15, 2018

8:30 AM - 5:00 PM

CARE: HIGH TECH ♥ HIGH TOUCH

Greetings,

The CSU Institute for Palliative Care at California State University San Marcos and the San Diego Coalition for Compassionate Care request your support of their third annual San Diego Professional Palliative Care Conference. This year's conference will be held Friday, June 15, 2018 on the campus of CSU San Marcos.

The 2018 conference theme, **Palliative Care: High Tech ♥ High Touch** will focus on palliative care practices across the spectrum (e.g., multi-disciplinary, team-based, and family-centered) and will highlight the use of both technology and the human touch in support of patients and families. As you may know, Palliative Care is person- and family-centered care that optimizes quality of life by anticipating, preventing, and treating suffering. It is appropriate throughout the course of serious illness – regardless of the patient's age. Palliative care addresses the physical, intellectual, emotional, social, and spiritual needs of patients and their families. The palliative approach utilizes interdisciplinary teams to increase patient autonomy, improve quality of life, and ensure that patients have choices. In short, it is providing the best care possible to patients and their loved ones.

For our third annual conference, we are delighted to welcome Dr. Michael Rabow, MD, FAAHPM, the Helen Diller Family Chair in Palliative Care, Professor of Clinical Medicine and Urology in the Division of General Internal Medicine at the University of California, San Francisco, to deliver the Thomas J. Chippendale Memorial Address.

Please join us in charting a course that will empower San Diego County health care leaders (e.g., physicians, physician's assistants, nurse practitioners, registered nurses, social workers, chaplains and administrators) with the tools to implement, expand, or improve their scope of practice in palliative care. Attendees come to us to earn continuing education and seek out new ideas that improve patient and family care, quality of life and satisfaction in all of our hospitals, outpatient clinics, medical offices, hospices, and care facilities.

Sponsorships are more than financial support. They are truly partnerships...a shared commitment to local professional development and to our local community's well-being. On behalf of the CSU Institute for Palliative Care at CSUSM and the San Diego Coalition for Compassionate Care, we thank you for your support and participation!

Enclosed please find the conference sponsorship form. If you have any questions or need additional information, please contact ipc-csusm@csusm.edu, or call 760-750-3550.

We look forward to partnering with you,

Alicia Munoz,
