PODOLOGY

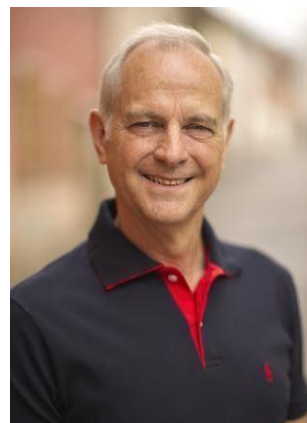

B/S Brace Class (half day)

Do your clients suffer from painful toe nails, involuted toe nails or callus build-up in the nail groove? Update your techniques and knowledge by joining Bernd Stolz, founder of the revolutionary BS Brace, for a four hour workshop on the corrective magnetic brace system.

The B/S Brace system is an innovative nonsurgical corrective technique that:

- Alleviates pain and discomfort associated with curved and involuted toe nails
- Helps correct curvature of the nail
- Is simple, fast and painless with no down time
- Gives noticeable pain-relieving results in days

Seminar Includes:

- Latest bracing techniques
- Theory, tips and tricks for easy application
- Introduction to the new “center-out” application
- Practical demonstrations and hands-on workshop
- Certificate of attendance

“Educate-Differentiate-Elevate” - Enhance your techniques and increase your revenue
