Ramp up your project pipeline and help customers beat the heat this summer with our Stay Cool Save Big Spring promo.

Now through June 30, we're waiving our 3% Ygrene Fee on all applications with energy-efficient HVAC upgrades or components (minimum \$2,500). Applications with multiple improvements qualify if they include HVAC.

Offer applies to residential customers in CA, FL and MO who submit applications between 4/12/18 - 6/30/18 for improvement contracts that include HVAC upgrades, replacements or component parts with a minimum \$2,500 value. Improvement contracts that do not include HVAC will be excluded, including any applications initially submitted with HVAC but then removed before funding occurs. Offer available only where Ygrene has been approved by local government jurisdiction. While PACE programs are enabled by state legislation and must be approved by local governments, Ygrene is not a government program. Qualifying improvements vary by state. Call for details.
