

Tamara and Becky hit "Send" for the AMS Accreditation Self-Study Report.

We submitted our American Montessori Society Accreditation Self-Study report this morning!!!

This is the culmination of more than forty years of growing our school into a solid, authentic Montessori school, and two years of data gathering, analysis, reflection, discussion, collaboration, writing, editing, and a bit of fundraising. The efforts of our staff, board members, parents and a few financial supporters have been tremendous. We are extremely proud of our submission. The American Montessori Society will have a panel of experienced Montessori educators review our 195 page report and, assuming we are accepted for consideration, they will send a panel to visit us in the spring. We will have a copy of the report available for your perusal in the front lobby. If anyone has any questions about this report or the accreditation process, please [send me an email](#) , catch me at drop-off, or stop by my office. I'd love to talk about this project that has truly been a process of self-study.
