

Notes from the Board

The Board is excited to announce two new members. In addition to **Linda Schmidt** who recently joined the board, we now have **Rich Wolfe**. Rich is father to Middle School student Greta. His family recently moved to Putney for his wife, Katie's job at The Putney School. Rich has a background in business and finance and has experience on non-profit boards including as treasurer. Rich has already become active on the Finance Committee and has begun serving his board term. He plans to combine his board experience with his sincere appreciation for Montessori and for Hilltop. With his daughter graduating next year, he will be moving to the role of an alum parent while serving on the board.

We are also pleased that **Mark Anagnostopulos** has accepted an invitation to join the board. He already is an alum parent, having had his daughter graduate from Hilltop in 2002. Mark has worked at the Brattleboro Retreat since 1986 focussing on child and adolescent psychotherapy and consultation. He is active in music and has been a member of the Vermont Jazz Center Board of Directors for more than 10 years. He will bring wonderful perspective as an active community member without a child currently at Hilltop Montessori School. Mark will begin serving his board term during the upcoming Summer.

For full bios of these and other board members, please see the [Board of Trustees](#) page on the Hilltop website.
