

## An Invitation to All

We realize and appreciate that you are trusting us to educate your child and to help her or him grow in a way that, for many of you, is very different from your schooling. We know that without grades and test scores, you are having to use other measures to know that your child is growing and thriving in this environment. We really emphasize the process in the work that is done here, but often it does result in an amazing product too. Many of the events coming up next week give you an opportunity to appreciate the products of the works of the students in our older programs. Please mark your calendar to attend these events. If your child is younger, you and your family are more than welcome to attend these events. The Poetry Night for the Middle School is sure to be magical in our new Arts Barn theater. These events are a wonderful way to see what Hilltop Montessori School encourages in all students.
