# The Drivers Club

The Drivers Club at Dominion Raceway is a private membership club, for owners of sports cars, high-performance cars, and race cars. It provides members the opportunity to get exclusive and uncrowded track time on the Dominion Raceway Road Course, where they can learn and practice performance driving skills, test and improve their cars, or simply drive their cars like they were meant to be driven. The Drivers Club also provides members the opportunity to meet and socialize with other people who have an appreciation of high-performance vehicles and performance driving.

***Drive your car the way  
it was meant to be driven -  
HAVE SOME FUN WITH IT!***

***Learn and perfect  
performance driving  
skills and techniques.***

***Meet, socialize, and network  
with other people who also have  
a passion for high-performance  
vehicles and performance driving.***

## A “Driving Club”, Not a “Racing Club”

- There is no wheel-to-wheel racing (on typical Member Driving Days).
- Guidelines and rules for when one vehicle is passing another.
- Even though there will be driving coaches available to teach you how to drive faster, it is not about who is setting the fastest lap times.

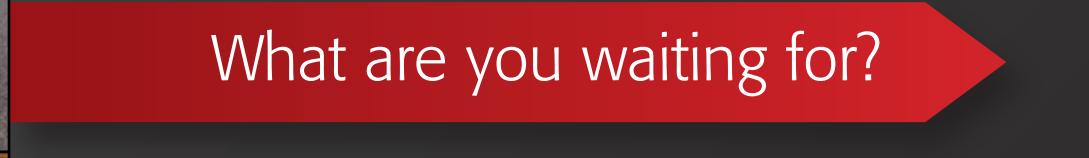

## Escape from it all!

Spend a few hours (or all day!) focused on your sports car and the driving skills & techniques you already have, or that you are currently learning at the track. Free your mind from all of the challenges of life, while you concentrate on braking points, shifting points, and apexes; and while you enjoy the extraordinary sensation of hard-acceleration, maximum braking, and lateral g's. Nothing else can "set you free" quite like having your sports car out on the road course circuit at Dominion Raceway.

What are you waiting for?

# The Track

The Dominion Raceway Road Course is 2-miles long, a minimum of 36' wide, has 12 turns. Some of the corners have slight banking, to provide both challenging and rewarding cornering experiences. The track has multiple sections of elevation changes, with a total elevation change of over 65 feet!

The half-mile long front straight provides a great opportunity for a top-speed thrill, while the roughly 1/3-mile back section of the track has a long set of uphill esses to make it a very fun, but still high-speed, section of the track.

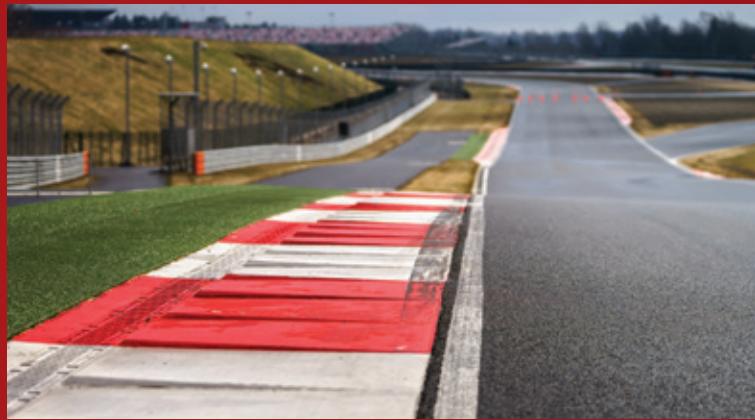

Overall, the track is a great combination of technical sections, high-speed curves, and of course, full-throttle straight-aways, which make it a magnificent and very entertaining course to drive on!

## A LAP OF THE TRACK

As one crosses the start-finish line, they are about half-way down the front straightaway, which at a 1/2-mile long provides all of the top-speed thrills that most people need. It leads onto a late-apexing turn #1, which allows drivers to carry some pretty good speed through the turn. Turn #2 begins a challenging interior technical section, consisting of numerous turns of various degrees. It is important to get the last turn of the technical section right, as it leads in to a long section of uphill esses, and then onto a fairly high-speed back straight, which ends in a heavy braking zone. A somewhat quick S-turn, and then the critical final left-hand corner takes the driver onto the full-throttle home stretch, and completes a lap around the Dominion Raceway Road Course.

# Corporate Membership

- **Do you have multiple people from your organization that would like to be a Drivers Club member?**
- **Would you like to provide Drivers Club membership privileges for 2 or more of your company executives as an executive perk?**
- **Would you like to be able to entertain and impress your clients or prospective customers with "a day at the track"?**

If so, then you may be interested in a Corporate Membership. A Corporate Membership provides your selected employees with full access to the track, the Drivers Club Lounge, and other facilities at Dominion Raceway. In addition, a Corporate Membership can be designed to include an extensive number of guest passes if your organization has corporate guests that you would like to bring to the facility. A Corporate Membership provides your organization with a great business tool to motivate or recognize staff, show appreciation to customers, or "woo" hot prospects. Call Jim Lorimer at 804-513-2054 to have a Corporate Membership package designed to fit your specific organization's needs.
