

How a Health Advocate can help you

We all know how valuable an Educational Advocate can be in helping you work with a school system to manage needed services. A Health Advocate can help you manage health care services in the same way. Have you ever encountered some of the following situations?

- Do you feel no one is coordinating your health care between multiple specialists?
- Are you overwhelmed by a new, or evolving diagnosis?
- Have you ever had important health services denied for a family member?
- Have you wanted to address an insurance issue but didn't know where to start?
- Do you need to coordinate care between private insurance and MassHealth?
- Is your insurance issue stuck and you are not sure what to do?

Lisa Crouser from [Patient Resolutions](#) is the workshop presenter and will offer advice on how to make your healthcare work better for you. She will share when and why it is a good idea to question your insurance about resolving an issue, and when additional support from a Patient Advocate may be very helpful in moving forward.

Date/Time: Tuesday, March 13, 2018, 6:00– 8:00 p.m.

Location: Family Empowerment, 41 Russell St., Hadley

RSVP: Michelle Mendes, michelle.mendes@pathlightgroup.org, 413.585.8010
