Dear NCASA Members,

As we prepare for the 2017 North Carolina General Assembly session, we want to understand your legislative priorities.

We invite you to participate in our Legislative Priorities Survey, which launches Tuesday, Oct. 4. Please take a few minutes to tell us what you would like us to focus on during next year’s session. You have until Friday, Oct. 21, to share your thoughts.

While the session does not begin for several months, we want to get an early start on our advocacy efforts. Your feedback will help us prepare our legislative agenda, which we’ll begin defining based on the responses you provide us in October.

When the survey launches, you’ll receive a personal email invitation with a link to the survey from our research partner K12 Insight.

Based in Herndon, Va., K12 Insight works with more than 30,000 school administrators to strengthen the relationships that power education. Its custom solutions combine technology, research, and expert training to help school leaders build trust and drive positive change in their local communities.

We will work with K12 Insight to compile the results and share them with the NCASA Board of Directors, which will use the information to determine the legislative priorities NCASA will pursue in 2017 on behalf of all school leaders. The board is expected to finalize those priorities in early November, and then the priorities will be shared with all members as soon as possible thereafter. We hope you will share the priorities in advocating for positive public school law changes in outreach with your own House and Senate members right after the November elections and prior to the Jan. 11 convening of the next General Assembly session.

Thank you for your continued commitment to education in North Carolina. We look forward to hearing from you soon during this important survey!

Sincerely,

Katherine W. Joyce
Executive Director, NCASA
