

## Exciting Opportunity: Istation is Piloting a Spanish Assessment for Grades 4-5

School leaders have the opportunity to pilot Istation's 4<sup>th</sup> and 5<sup>th</sup> grade Spanish Literacy Assessment. This free assessment will be available to teachers who have students working towards bi-literacy and whose primary language of instruction is Spanish to obtain Spanish literacy data. This is not required for READ Act, but will provide more information to inform instruction. It will be available to all schools who currently assess students in Spanish beginning Monday, Sept. 12. [Learn more about the pilot.](#)
