

Illuminate Newsletter: Sign Up Today

If your school is using the Illuminate platform for its assessments, we encourage school leaders and teachers to sign up for the Illuminate newsletter, which will provide time-saving tips, advice and frequently-asked questions you can use to have the best experience possible with your new assessment platform.

These e-mails will be sent once or twice a month to support the training you already receive. Due to district policy, [staff must sign up to receive these e-mails](#). For more information, please contact standards@dpsk12.org.
