

# W.A. Hough High School 2016-17 Testing Dates

To: All Hough Students and Parents

Listed below you will find information for all known State and Federal testing that will occur at William A. Hough High School during this school year. Please mark your calendars accordingly to avoid any scheduling conflicts. For each test that your student will be taking, please make every effort to ensure the following:

- Your student arrives at school on time on test day as we schedule testing to start as early as possible.
- Your student gets plenty of sleep the evening before and eats a good breakfast in the morning to ensure they remain alert and focused.
- Your student brings required materials to the tests = calculators and 2 pencils! For PreACT, ACT, PSAT and AP exams they are not allowed to use mechanical pencils – it must be just the regular graphite pencils.
