

Workshop: Starting Your Own Distillery or Brewery - Part One

When: May 20-21

Where: Rob Rubens Distilling & Brewing, 909 E. El Segundo Blvd., El Segundo, CA 90245

So you want to start your own distillery or brewery? Or perhaps you just want to learn more about the intricacies of how to brew a damn good beer. Maybe you are curious about what defines whiskey or the origins of gin and what separates the various classes of gin.

We've broken the curriculum into three parts, one weekend class per month, one curriculum per quarter. Part One: So You Want to Start a Distillery or Brewery (road map and big picture on how to start a distillery or brewery, the history of beer / spirits, how to distill and brew); Part Two: The Business of Going About Starting Your Own (business plan to licensure to opening doors); Part Three: Hands On Apprenticeship (scrub tanks, move hoses, pump mash, distill, etc.).

- Breakfast snacks provided, lunch provided
- Discounted hotel rates available
- Industry sought-after expert presenters
- Cost: \$450 / person

Speakers include: Bryan Davis, Mike Lahti, Richard Foss, Casey Miles, Lesley Jacobs Solmonson, Rob Rubens, and more!
