

# Wee Play & Learn

Wee Mentors  
(6+ years):  
Spring Cleaning Can  
Be Fun!

## What you need:

- Three Rubbermaid containers or cardboard boxes
- Markers

## What to do:

- Mark each box with one of the following titles: Keep, Garbage, Donate
- Start with the child's room first and look at the items they have in their room and ask them what items (clothes, toys, books, etc.) they want to keep, which is garbage, and which ones they will donate. You can do this with many rooms in the home.
- Once you have completed the task, take the donated items to a local shelter, thrift store, Value Village, etc. and ask your child to give the organization the donated items so that they feel proud for how they have helped another child in need.
- Go home and discuss where you were and what they did, and praise them for their hard work and generosity.
- Make it an annual family activity.
