**MORAL REVIVAL
TIME FOR A MORAL REVOLUTION OF VALUES**

The Moral Revival: Time for a Revolution of Values has traveled to 22 states, hearing testimonies of people impacted by racism, xenophobia, homophobia, the lack of health care, the suppression of voting rights, poverty, low wages, immigrant discrimination, detention and deportation, predatory lending, and police brutality and mass incarceration. The tour has garnered the support of tens of thousands of people of faith and moral courage, including over 3,100 clergy who have signed on to the "Higher Ground Moral Declaration."

Vote your conscience. Build a moral movement.
