JULY

## Glominerals Lipstick

This summer, it's all about wearing saturated pops of color on your lips.

Our glominerals lipstick provides vibrant color, remarkable wear-ability and lip-nourishing ingredients. In addition to these amazing benefits, the updated formula includes kaolin clay. These lipsticks take color saturation, payoff, and staying power to the next level.

The right shade of lipstick can lift your mood, complete your outfit and give you a little extra confidence when needed.

*Find your perfect shade with a little help from our experts – book a Petite Makeup Application for only \$20 during the month of July.*

### Petite makeup application 30 min | \$20

Pretty up your look with a makeup application and private lesson using glominerals mineral makeup.
