JOAN RIVERS: YENTE-IN-CHIEF

Known for her acerbic wit and blunt honesty, Joan Rivers was a remarkable comedian who will be remembered as the professional who helped shatter the glass ceiling for women in stand-up.

Rivers knew the power of laughter and committed herself to crafting a non-stop humor-driven career. "When all is said and done and they look back at this whole sort of generation of comics, she'll be thought of as this master-class group, not as a woman in it but as part of that amazing time in comedy," said her daughter Melissa.

Join us for this upbeat and entertaining lecture that will explore the life and career of this comedy pioneer by means of numerous audiovisual material.

Dr. Ira Epstein, served as professor and chairperson of the Communication Skills Department at LaGuardia Community College, C.U.N.Y. In addition to his academic life, he worked as a musician performing in the Catskills, recorded with Tayku, a Hebrew jazz/rock ensemble, and toured with Theodore Bikel and Herschel Bernardi in the 70's as part of a UJA program. Most recently he has been lecturing to adults on comedy and music and the music of Israel. He earned his BA and MA from Brooklyn College, CUNY and his Ph.D. from Fordham University.
