

FIRST AID KITS

Featuring
Instant Access Panels
for treating common injuries

Perfect for the majority of institutional, office, and workplace settings, Care4™ First Aid Kits by DayMark are all OSHA compliant, and the standard and large sizes also meet ANSI/ISEA Z308.1-2015 standards for the most common workplace injuries, including minor burns, cuts, and abrasions.

*Kit content lists on reverse

Care4™ Standard First Aid Kit (For 35 or fewer employees)

Wall-mountable for ease of access, the Care4™ Standard Kit is ideal for a variety of businesses.

It features an innovative 'door-in-door' compartment that provides instant access to adhesive bandages and antiseptic. The doors open wide so you can easily see and grab the supplies you need to treat common cuts and scrapes as well as minor burns and eye injuries.

\$98.74/Kit

Care4™ Large First Aid Kit (For up to 50 employees)

The Care4™ Large First Aid Kit offers the same convenience and security as the Standard Kit with a more robust inventory and an extra 'door-in-door' compartment that provides easy access to eye wash. The internal compartments feature theft-deferring tabs and built-in organization. Convenient refill packages are available in seven bundles to reduce the hassle of maintaining individual SKUs.

\$129.95/Kit

Care4™ Bus & Classroom First Aid Kit

This kit is OSHA compliant and features 58 items for common cuts and scrapes, as well as more significant injuries. The instant access to antiseptic wipes and bandages via the 'door-in-door' compartment provides immediate care for common injuries. The kit is mountable and refills are conveniently available for both the internal contents and 'door-in-door' compartment.

\$19.75/Kit
