Official Fiesta Event

STARFISH DASH – RUN / WALK

Chromosome 18 Registry & Research Society's official Fiesta and health conscious fundraising event takes place the last Saturday of Fiesta at the UT Health Campus where the Chromosome 18 Clinical Research Center is located. Our goal is to bring together health-minded people to run/walk to raise awareness and money for our organization's mission of helping people with chromosome 18 abnormalities overcome the obstacles they face so they may lead happy, healthy and productive lives.

We are proud that the leading global research center for Chromosome 18 is based right here at UT Health San Antonio and is celebrating 27 years of cutting-edge research. We raise funds for this research through our organization. The more funds we raise, the faster the research center can develop treatments to improve the lives of those affected by chromosome 18 conditions which include many cognitive and physical impairments. We also offer support for families & physicians of children with chromosome 18 abnormalities.

Our great Fiesta event is FREE and for all ages - the entire family can participate. The approximately three mile course leads participants through the UT Health campus. A Health and Wellness Fair and Market Place will accompany the event. Lots of fun activities will be available at this very family-friendly event.

STARFISH DASH RUN / WALK

Saturday, April 28, 2018

8:30 to 11:00 am

UT Health Campus

7703 Floyd Curl Dr

San Antonio, TX 78229
