5:30pm – 7pm

Sterling, CO

CDOT Sterling S-Curve Project Contractor Outreach Event

The new S-Curve is coming! CDOT is seeking general contractors and small business subcontractors to build the new alignment of SH 14 through Sterling. The project is anticipated to be advertised on September 27 with bids due October 25. CDOT has set a 9% goal for participation by certified Disadvantaged Business Enterprises (DBE).

Join CDOT and small business support staff from Connect2DOT and the East Colorado SBDC for a **FREE Contractor Outreach Event** on Monday, October 15. All local area contractors and those interested in working on the project are invited to come find out how to get involved. This is a great opportunity to network and learn about:

- Project scope and schedule
- DBE goal and small business participation
- Planholders and interested prime contractors
- Subcontracting opportunities
- CDOT contractor registration
- Specifications and requirements for working on CDOT projects

Come meet the project team and network with other contractors prior to the official pre-bid meeting. This will help you make the right contacts, prepare you to bid, and position your business to work on this historic project!

Date/Time: Monday, October 15, 5:30pm – 7pm*

Location: Sterling Public Library
420 N 5th St, Sterling, CO 80751

**Date subject to change if advertisement date is postponed.*

Potential subcontracting opportunities:

- Concrete
- Curb and gutter
- Erosion control
- Storm sewer
- Traffic control
- Traffic signals
- Trucking
- Landscaping
- Lighting
- Signage
- Striping
- Public information

Subcontractors

Bring your business cards to network and share. You will have the opportunity to meet the CDOT project team, general contractors, and consultants from the SBDC and Connect2DOT.
