## CANISTER VACUUM, NVH380 WITH SEBO ET-1 POWER NOZZLE

The new design of the NVH series has lead to significant advances in energy consumption as well as overall vacuum performance. They consume 40% less energy than previous models while improving performance by 20%. This is all thanks to the new 680 watt vacuum motor with a 2000+ hour life.

### Specs:

- CRI approved and LEED-EB compliant
- 5 year motor warranty
- Motor provides 100" waterlift and 120 CFM of airflow
- 84% soil recovery
- Motor life is in excess of 2000 hours
- Excellent 0.3 micron filtration at 96% efficiency for improved Indoor Air Quality
- The electric Sebo ET-1 powerhead provides excellent performance
- The power cord to be stored neatly without tangles
- Structural foam tanks for maximum durability and mobility

# THE WAVE

**Separate your business from the competition.**

For more than 50 years, the Cyclo Vac team has worked on developing innovative, ultra performing, reliable and durable central vacuum systems that can cater to all needs. Our latest innovation? A complete line of Heavy Duty commercial vacuums, featuring the brand new WAVE automatic wet & dry debris collector!

**Restaurants**

**Car Wash & Detailing**

**Auto Repair & Oil Change**

**\$941<sup>00</sup>**

CV3445

## ALSO AVAILABLE

**POLYPROPYLENE TRANSPARENT COLLECTOR UNIT, WET/DRY COMMERCIAL**

• Transparent canister

• Automatically stops when full

• Incredible capacity of 10 gallons

• Made of polypropylene (resistant, even to rust!)

• Fixed to the wall, so it's a lot less cumbersome

**\$421<sup>89</sup>**

MV3443

## Why Choose The Wave?

- It allows you to vacuum dry, humid, and liquid debris and even more!
- The body is made of heavy duty stainless steel; it will never rust.
- Absolutely no filters, cages or nets to clean.
- The collector automatically empties itself when full.
- It is equipped with our anti-agitation system, thus minimizing any water returns towards the vacuum entries and motors.
- The Wave is very hygienic: it automatically rinses itself after each emptying cycle, thereby eliminating all debris and foam.
- The collector itself has no motor; it can therefore be used with Cyclo Vac HD motor units or with any other central vacuum system.
- It is easy to install.

# Series Units

 CYCLO VAC &  MVAC

The HD series is the brand new commercial central vacuum line offered by Cyclo Vac. All our HD motors are ultra robust and have undergone a special epoxy treatment to withstand the effects of humidity. That's not all, every HD motor unit is equipped with our unique carbon dust filtration system and with a timer that indicates the total time of use. Maintenance is recommended every 200 hours of use. With these new units, the possibilities are virtually endless! The unit heads can be installed in series or in parallel, and they can even be placed away from the collectors. Every HD system is tailor-made to fit your needs.

## MOTOR UNIT, CYCLO VAC HD800 MASTER HEAD (495 AIRWATTS)
