# A Spiritual Renewal Workshop for Women

Have you ever felt torn by the demands of life: family, career, ministry? Have you ever felt that the church presents conflicting messages about a woman's role within the church or even the definition of womanhood? Do you know anyone who struggles with these issues? Our workshop, led by author, Julie Roys, will help us discover the true purpose and design God has for women.

Using scripture as her guide, Julie will walk us through her journey of discovery that led to her recently released book, *Redeeming the Feminine Soul: God's Surprising Vision for Womanhood*. We will learn the truth about what it means to be feminine... a truth that is often distorted in our society and culture. Join us as we uncover a deeper understanding of God's design for women. We will examine God's plan for women in the world, in families, and in the church.

During our time together, we will explore God's true, affirming, and compelling vision for women. Becoming healthy, balance women of God begins with reclaiming what is uniquely feminine. Come and journey with us as Julie share her discoveries.
