### First Responder Training for Computer Investigations- Field Search Software

#### Certification Class:

The National Law Enforcement & Corrections Center (NLECTC) has established a group of Nationally Certified Field Search Instructors to deliver this training. Confront offenders immediately with discovered (pre-viewed) digital evidence while on scene (deployed from a USB drive). Collect evidence and build a court worthy report of your findings. A great tool for the non-technical user. All students will receive a licensed copy of this software in class. No hidden costs- or- re-occurring software fee's. Students will be able to use the tools in the field by the end of the class. 15,000+ distributions of Field Search Software have occurred throughout the U.S. Government/ Law Enforcement community. Who attends our classes:

* Police Officers	* Detectives	* Evidence Technicians	* SRO	* Gang/ Narcotics Officers
* Probation Officers	* Corrections	* Sex Offender Monitoring Units	* Fire Dept. Arson Investigators	
* I.T. Staff	* State Agents	* Federal Agents		* U.S. Military-Counterterrorism

This innovative one-day class provides all the following: **Cost is \$325.00 per student.**

- ❖ Learn how to search the offender's computer using the latest proven technology.
- ❖ Designed for all levels of users, the novice to the experienced (taught in Microsoft Windows).
- ❖ Students receive a 4GB USB drive with newest version of "Field Search Software" Pre-installed
- ❖ (Hands on) Our mobile computer lab case studies include: Financial Crimes, Counterfeiting, Homicide investigation, Arson, Bombings, Sex Offender Monitoring and URL search recovery.
- ❖ Additional free open source tools for viewing Meta-Data, GEO-Tag Tracing, Hash Analysis, Wi-Fi-Locator, etc. Extensive collection of literature library included.
- ❖ Learn how to recover pictures, videos, internet records, chat history, and other important artifacts.
- ❖ Analyze: CD's, USB's, external storage devices, cell phone/ digital camera SD cards, hard drive, etc.
- ❖ Software works on both Windows and Macintosh computers-Reports save as PDF's., Word, Excel.
- ❖ Well organized and court worthy reports are generated automatically for courtroom presentation.
- ❖ Keyword Search tool allows an investigator look for email addresses, victim names and telephone numbers, credit card, or account numbers, etc. (Search Windows Versions: ME, XP, 7, 8 & 10).
- ❖ Templates/procedures for submitting identified child pornography images to NCMEC/ Project Vic.
