Are You a Generator Dealer, Distributor or Vendor?

Then this is a committee you WILL NOT want to miss! Our meeting starts at 3:00 PM.

We are committed to serve the EGSA Dealers and Distributors by delivering current relevant content that impacts our industry. We deliver educational content in our committee meeting using several venues:

- Best Practices Panels
- Educational Speakers
- “Hot Topic” Audience Forums (New 2017 venue!)
- Technician Programs

You will not want to miss the “Hot Topic” planned for Kissimmee... “The Demons in our Fuel”. Our stored diesel fuel quality is at risk! Therefore our nations Emergency Power is at risk! Several fuel experts will be joining us to discuss recent changes that impact the reliability of emergency power. You are sure to walk away prepared to understand and be aware of these looming challenges.

Come Prepared!

1. Bring your questions! Leverage to capture leading edge business opportunities to better serve your team and your customers.
2. Speak directly to industry professionals and benefit from their collective knowledge
3. Be a contributor! Please share your own stories and experiences.

Technician Programs:

- Technician Apprenticeship Program (TAP) Chad Youkers (SunBelt Transformer) will give a progress update on this program.
- Technician of the Year Award (TOYA) Al Powers (Powers Generators)

DD Committee Collaboration Platform:

We use LinkedIn to communicate between meetings. As more information becomes available, we will be updating everyone. Join us on the EGSA DD LinkedIn Forum today!

See you in Kissimmee!
