The Membership Committee actively solicits non-member companies for membership and develops programs to promote EGSA membership and market the Association to the industry. The Committee tracks and reports membership trends and activities to the general membership and establishes goals and strategies for membership levels.

Finally, the Committee develops methods to encourage member firms to become more active; promotes membership retention; and performs outreach functions to ensure that new members feel a part of the organization.

Please stop by anytime between 1:00 p.m. and 3:00 p.m. to share your thoughts and ideas.

Regards,

Walter Petty
