

NC Mining Documentary

The date has finally been set to air the 30-minute Aggregate Mining Documentary that NCAA partnered with UNC-TV's Exploring North Carolina to produce.

The film tells the story of our state's aggregates industry from the coastal plain to the mountains and features the following NCAA member quarries:

- Martin Marietta's Castle Hayne Quarry
- Hanson's Princeton Quarry
- Wake Stone's Knightdale Quarry
- Vulcan Material's Gold Hill Quarry
- Hedrick's Grove Stone Quarry

The statewide air date on UNC-TV's *Exploring North Carolina* will be **Thursday, May 10, at 8:30 pm**. If you can't catch the original airing, it will be re-aired on the following dates:

- 05/22/18, 11:30 am NC CHANNEL
- 05/25/18, 3:30 pm NC CHANNEL
- 05/26/18, 1:30 pm NC CHANNEL

After the first airing, the documentary will be available online at UNC-TV.
