

# Centre County Democratic Committee 21st Century Leadership Circle Fall Reception

## Featured Guest

### State Senator Sharif Street

We are honored to have Senator Street as our featured guest for the **21st Century Leadership Circle Fall Reception**.

Members of the 21st Century Leadership Circle are Democrats who donate a minimum of \$250 annually to the Centre County Democratic Committee. The group was started in 2011 to allow the local Democratic Party to focus on strengthening the party, supporting candidates and turning out the vote.

These donations are the backbone of CCDC's fundraising efforts. It is your contributions that make it possible to maintain a permanent headquarters, support internal technology, print literature and underwrite county-wide Get Out The Vote efforts, all with the goal of helping your local, state and national candidates.

We hope you will join us in welcoming Senator Street to Centre County on December 18. Senator Street will review the 2018 election, and how Centre County impacted the statewide results.
