CALIFORNIA ECONOMIC SUMMIT

NOVEMBER 2-3 | SAN DIEGO

LINKING LEADERS AND SOLUTIONS

The 2017 California Economic Summit takes place in San Diego on November 2-3, marking the sixth annual gathering of private, public and civic leaders from across California's diverse regions. The Summit's network of business, equity, environmental and civic organizations is unique in championing solutions that meet the triple bottom line — simultaneously growing the economy, improving environmental quality, and increasing opportunity for all.

The **2017 Roadmap to Shared Prosperity** charts the strategic vision to meet three important challenges — each vital to expanding sustainable economic opportunity for all Californians:

- 🏢 **ONE MILLION MORE SKILLED WORKERS**
- 🏠 **ONE MILLION MORE HOMES**
- 💦 **ONE MILLION MORE ACRE-FEET OF WATER**

SHOWCASING INNOVATION TO ELEVATE CA

The Summit network is committed to defining and pursuing an ambitious agenda for restoring economic opportunity. Meaningful solutions emerge from a robust convergence of ideas and a diverse set of contributors. The Summit event features local and regional innovations that promote shared prosperity, and highlight where state collaboration can lead to greater success.

THE SUMMIT'S VALUE

- » Improving the workforce training pipeline so more workers develop the skills they need to earn a livable wage.
- » Increasing the supply of housing near transit and jobs so more Californians have access to affordable homes in livable communities.
- » Accelerating regional and statewide water sustainability so California's water supply is more reliable.

THE EVENT

The two-day Summit is designed to accelerate coordinated implementation of the **Roadmap** action plans and strengthen the Summit network.

Thursday, November 2

Interactive plenary and breakout sessions to advance Summit goals. Box lunch and evening reception included.

Registration: \$250*

Friday, November 3

Plenary session featuring state policy leaders in conversation with regional business and civic leaders on critical issues facing California. Participants in past Summits include Lt. Governor Gavin Newsom, Secretary of State Alex Padilla, Treasurer John Chiang, Controller Betty Yee, UC President Janet Napolitano, Chancellor Timothy White, and Chancellor Eloy Ortiz Oakley. Buffet breakfast and seated lunch included.

Registration: \$250*

Registration will open July 1 at www.CAEconomy.org.
