Construction Employment as a Percentage of All Employment

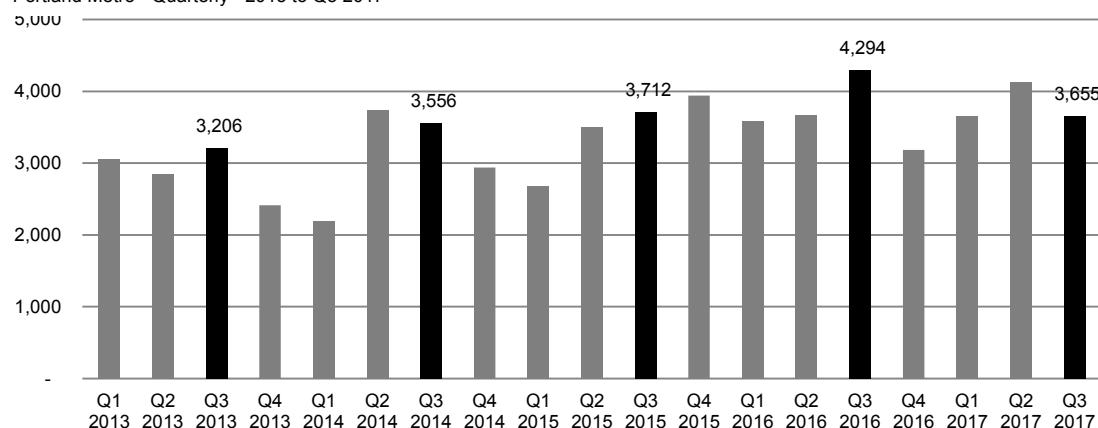

Portland Metro - 2001 to 2017 - September

The construction industry is the fastest growing sector in Portland's rapidly growing economy. As a percentage of the economy, the number of jobs in the construction industry has surged since September of 2015, while still below the peak levels in 2006 and 2007.

Residential Building Permits

Portland Metro - Quarterly - 2013 to Q3 2017

Residential building permits in the Portland region peaked in Q3 of last year. The last 4 quarters suggest the pace of the building boom in Portland may be stabilizing somewhat.
