# IMMANUEL

Broken and Loved, Saved by Jesus, Freed to Live

## MEMORY CAFE

*But God remembered Noah and all the beasts and cattle that were with him in the ark; and God caused a wind to pass over the earth, and the water subsided.* Genesis 8:1

What do you think? I bet that Noah and his family had some pretty dark days as they rode out the flood. "But God remembered....".

Please join us at the Memory Café here at Immanuel on February 14<sup>th</sup> when the program will be:

### "Memories of Hard Times: Stories from the Great Depression."

Paul Hinderlie will guide us through the second administration of FDR for a discussion of the Depression and its effects. According to Paul, "The Depression seared a generation of Americans.

As that generation passes, we need to keep our ears open to the people who can still give voice to that time: growing up in a country where the present was grim and the future

terrifying. I welcome people with these memories and their children or grandchildren to come and share their knowledge."

It was a time when families and communities, much like Noah, pulled together to weather the storm -- sharing love and friendship.

Perhaps someone has shared a story with you from this time in history that has filled you with courage, strength, and gratitude.

The Memory Café is a gathering place for people with early memory loss, dementia and for those who want to join in interesting discussions and healthy brain activities.

We meet from 10 – 11:30 on the second Tuesday of each month.

The Café is free. Refreshments are provided. Welcome all!  
And bring your own stories.
