IMPORTATION OF BIOLOGICALS WORKSHOP

NOVEMBER 30, 2016 - ANN ARBOR, MI
9:00 am - 5:00 pm

Join us for a day of learning and networking as we explore the requirements for international importation of biological shipments for testing and research purposes.

There will be representatives from several federal government agencies here to share their responsibilities, discuss how to prepare materials for proper transport, and necessary permits.

No Cost To Attend!
You Must Pre-Register
