

A Lubbock native and Texas Tech alumnus, Kelly Martin has an intense passion to see the Bible transform others for His glory as a result of the immense impact it has had in her own life. Her ministry is to use her communication skills to inspire and involve people in the worldwide work of Bible translation.

With nearly 1,800 languages currently without a translation of Scripture, Kelly is eager to begin serving in this urgent commission. She is currently building a prayer and financial team to join her in this great task to bring God's Word to the millions of people still waiting for it in their mother tongue.
