Your District Governor team has just returned from a Council of Governors meeting that was held in Santa Maria. The hotel was sitting right on the Santa Maria Airport. You might think that we had a wonderful flight. The weather was perfect. Alas, we could not fly, the airplane needed an annual inspection. Once a year an authorized airplane mechanic opens up the inspection plates, checks the compression of the engine, checks the spark plugs and timing and generally makes sure the aircraft is still safe to fly. Needless to say, we were off to Santa Maria by car.

This council of governors meeting was unique, we had extra days because we had to make up for the cancelled August meeting that was scheduled for Redding. Your 1st Vice District Governor, Elisa, and your 2nd Vice District Governor, Tyler, received training that they need to help them through their governor year. The District Governors were tasked with making sure all the business of the Multiple District 4 was addressed.

This year the sitting District Governors invited the 1st VDGs and the 2nd VDGs to give their opinions on motions that would be voted on during the business sessions. This has not happened in the past. Previous years only the sitting District Governors were involved with the discussions that affect the Lions of Multiple District 4. This was a great experience for us all.

The discussions were lively and some motions were changed to take into consideration new ideas. I am proud to say that our District 4-C1, during the last few years, has had free and open discussions by the cabinet. We have always endorsed a cooperative governor team.

District 4-C1 Articles-Calendar	1-6
Club News & Information	7-26

The council of governors has approved and launched a new website to inform non-Lions about what Lions in California do. The current Multiple District 4 website is for Lions; a non-Lion would not search for MD4 to find out about Lions in California. The new website is www.californialions.org. We now identify ourselves as California Lions. The California Lions website is tailored to let the general public know what Lions do. There are videos, a way to find a local club and much more. We are looking for "New Voices" with this new site and have made it attractive to young people. Please take a look and let us know what you think. The website is not finished; it is a work in progress so any input to make changes is welcome.

My plane will be back in the air at the end of the week and I will be winging my way to Oakdale to visit District 4-A1. DG Don Gall invited me to their cabinet meeting and I am looking forward to bringing back ideas for our district. See you at our District Meeting on November 17 at the Lakehead Lions Club House.

GRIP IT AND RIP IT!

NEW VOICES! I know many of you have had the pleasure of having your District Governor visits and have heard about International President Gudrun Yngvadottir's new initiative.

New Voices is just like it sounds, we want to hear from new people. That does not mean just new lions. We have over 1,050 Lions in our district and we hear from a select few on issues effecting clubs, the district or the multiple district. In order for us to better serve you; we need to know the inner workings of our clubs within the district.

In addition to new Lion voices we are striving for parity between men and women in both our general membership and our leadership. I am actively preparing for my year as Governor, with DG Sue's blessing. I would like to bring in fresh faces on the leadership team. We need new ideas in order to progress further in our association and serve our communities.

I sincerely hope that some of you will step up to the plate to serve our district and make an impact on how we move forward, increasing membership, service and leadership.

I am looking forward to our Cabinet Meeting later this month and speaking with many of you. If you have ever thought about serving the district, please contact me or anyone on the district team. We will be happy to discuss the operation of the district with you. You just may be the fresh face we are looking for to grow.

Thank you for your continued support!

Yours in Service;

1VDG Elisa 'Lisa' Coyle

Autumn is About Change....

As the weather becomes colder and leaves fall from the sky scattered beneath your feet as you walk down the damp path, I am reminded of change. Watching the trees change color and lose their leaves only to gain them back bigger and stronger the next year. It seems as though mother nature follows a pattern that I have become a very big fan of - the changing of the seasons.

Autumn seems to be about change—November 1959: The American Football League was formed. And in November of 1997, the Milwaukee Brewers became the first major league baseball team to switch leagues during the 20th century. They moved from the American League to the National League. Change is inevitable, it makes us grow as people and it makes us excited for the new sports, recreation activities, family gatherings & business opportunities—just to name a few.

With the autumn leaves and the change in the season, try something new this year. Get excited for the change of the season and look forward to the new that it will bring in the following year.

I hope this finds you well, thank you for all that you do!

Regards,

Lion Tyler Spencer,

2nd Vice District Governor

District 4-C1

OUR DISTRICT WELCOMES NEW LIONS

Congratulations and thanks to the following clubs who have brought in new members this past month:

Peach Bowl added Donald Cornett, Loma Rica Foothill Lions welcomed Luetta Jacobsen,

Colusa brought in four new members—Kenneth Flagor, Chad Nall, Shane Miller and Bruce Stice, Weaverville inducted Robert Zimmerman, IPDG Marianne transferred to the Trinity Gold Diggers, Burney welcomed Dana Murray, Fall River received long-time Lions Flora and Jim Gordon, Mountain added Michael Wharton, and Etna Scott Valley added Jan Corrigan. Welcome to our District and to the Lions family.

If your club has not done any membership recruiting lately, possibly you are planning a special dinner or activity during the holiday season. Why not invite a friend, neighbor, or relative to enjoy some time with your club and see how great membership can be.

GLOBAL ACTION TEAM		
Membership Workshop	Service and Retention	Fostering Retention
<p>I am excited to announce that we have a special opportunity to learn from our Multiple District 4 Global Membership Team Coordinator PDG Buck Larson.</p> <p>He will be coming to Redding on Saturday, January 12, 2019 to conduct a Comprehensive Membership Workshop that will provide tools to help us recruit and retain members and rebuild and rejuvenate our existing clubs. This opportunity is intended for ALL interested Lions, but especially for Zone and Region Chairs, Club Membership Chairs and Club Officers.</p> <p>It has been a long time since we have hosted an MD-4 Workshop so please mark your calendars and save this date.</p> <p>January 12, 2019 9:00 am to 12:00 noon</p> <p>At Sharrah Dunlap Sawyer 6590 Lockheed Drive Redding, California (Across from the Redding Airport)</p> <p>Please see the flyer included in the Mane Lion for additional information.</p>	<p>When it comes to retaining our members, one of the best tools we have is right at our fingertips and it is the core of everything we do as Lions. Lions are all about SERVICE! Our clubs are working tirelessly to make a difference in their communities and beyond. One of the best ways to keep our members engaged is to ensure opportunities for them to help with a variety of service projects. The enthusiasm generated by a group of Lions doing something to help others is infectious, and people are naturally drawn to want to be a part of it.</p> <p>However, we need to remember that not every project is going to appeal to every Lion. I have personally known several Lions who seemed to be disillusioned, but then a new project came along that happened to be something that touched something deep within these Lions. Suddenly, they were inspired to step into leadership roles or to serve as advocates for a particular cause that was especially meaningful to them.</p> <p>The beauty of Lions is that our opportunities to serve are limited only by our willingness to find a way to make it happen. Whether it's a project that many clubs are involved in or something unique to your community, Lions offers something for just about everyone!</p>	<p>Every Lion knows that as an organization we have issues with retention, but may not know or need a reminder about how to foster it. LCI research has shown that 50% of new members leave within the first 3 years. The number one reason for leaving was unproductive meetings. Practices you can implement to combat this include having following an agenda and not being afraid to table a discussion to a subsequent meeting to end on time. Another issue was that the meetings were boring. This can be combatted by scheduling interesting programs and making the meeting fun, perhaps utilizing your tail twister or running the meeting backwards.</p> <p>A Lion leader, whether it be an officer or committee chair, can benefit from allowing input, actively listening to ideas and concerns of members. It takes courage to consider discontinuing a fundraiser where the ratio of cost in straining the financial/manpower resources of the club does not balance with the risk of a low net profit or even a loss. Lastly, it is important to realize that some leadership styles are more effective in specific situations. An authoritative style ("Do what I tell you") works well in a crisis or to kick start a turnaround, but may be detrimental outside this context. Conversely, a democratic style ("What do you think") is a good consensus builder, but has the potential to bog down into unnecessary discussions with simple decisions like setting a price to sell a tri-tip sandwich at a fundraiser. Refining these processes takes time and effort, but the returns of keeping members happy and engaged are immeasurable.</p>
<p>"You are what you do, not what you say you'll do." (C. G. Jung)</p>

District 4-C1 Health Foundation Notes

Another round of thanks goes to the volunteers who made our Camp for Youths with Diabetes such a success. I won't try to name them all, but the man in charge, as he has been for many years, was and is PDG Bob Trueax. We had 73 kids in attendance and lots of staff members to look out for them and to train them.

Our Helen Garr continues to lead the efforts to provide free vision screening. Again this past year we did over 10,000 individuals!! The 8 devices manned by scores of Lions in our 4 regions did a marvelous job! Thanks go out to them!

We don't operate on air, so please think about how you can help the Health foundation stay in business. Clubs and individuals can send our way our sustenance, that is: Your Donations. If you have any questions, please call me,

PDG Steve Robeson at 530 467-4167.

Lions White Cane DAYS 2018

The results of \$180.02 done by Redding Host for White Cane Days was amazing since they only had 4 volunteers and the chair. Each volunteer worked an hour.

Who in your club will be the 2019 chair?

White Cane History

In 1921, James Biggs, a photographer from Bristol, England, became blind following an accident. Because he was feeling uncomfortable with the amount of traffic around his home, he painted his walking stick white to be more easily visible.

In 1930, Lion George A. Bonham, President of the Peoria Lions Club (Illinois) introduced the idea of using the white cane with a red band as a means of assisting the blind in independent mobility. The Peoria Lions approved the idea, white canes were made and distributed, and the Peoria City Council adopted an ordinance giving the bearers the right-of-way to cross the street. News of the club's activity spread quickly to other Lions clubs throughout the United States, and their visually impaired friends experimented with the white canes. Overwhelming acceptance of the white cane idea by the blind and sighted alike quickly gave cane users a unique method of identifying their special need for travel consideration among their sighted counterparts.

Also, in 1931, in France, Guilly d'Herbemont recognized the danger to blind people in traffic and launched a national "white stick movement" for blind people. She donated 5,000 white canes to people in Paris.

Today white cane laws are on the books of every state in the US and in a few other countries, providing persons who are blind a legal status in traffic. The white cane universally acknowledges that the bearer is blind. It is celebrated internationally on the fifteenth of October.

*******STUDENT SPEAKER CONTEST*******

Report by District 4-C1 Student Speaker Foundation Representative,

PDG Steve Robeson

The time for you to start working with your schools in order to present our Student Speaker Contest is upon us. I'm sure you are planning for you February Club Contest. Good luck to you and your club representatives.

It was nice for me to receive a communication the other day from a club in our district which is planning an annual fund-raiser to help our district toward the difficult task each year of attempting to raise \$7,500. We usually don't raise our fair share, but the MD 4 Student Speaker Foundation keeps funding our district's expenses. We appreciate the clubs and individuals who DO give annually. If your club doesn't contribute to the Foundation, please consider a discussion at your next board meeting. Remember, funding your club contest is not contributing to the Foundations expenses on our part.
