### Kare Youth League Handbook

In this week's installment of the Kare Youth League Family Handbook we include attendance requirements (not all requirements included).

*We ask that members call and leave messages for their coaches whenever they are going to miss an activity. It is important to note that players may only miss two games to be eligible for an award, and players must be eligible for an award to participate in championship games. There may be special exceptions for extended illness.*

### How Do I Find Out the Standings?

If you want to follow the latest standings in each division just go to our website at [kyl.org](http://kyl.org), scroll over to "links", and then down to "Team Standings". We will keep it up to date all the way through the post season in November.

### Catch of a Lifetime (Part One)

By James P. Lenfestey

He was 11 years old and went fishing every chance he got from the dock at his family's cabin on an island in the middle of a New Hampshire lake.

On the day before the bass season opened, he and his father were fishing early in the evening, catching sunfish and perch with worms. Then he tied on a small silver lure and practiced casting. The lure struck the water and caused colored ripples in the sunset, and then silver ripples as the moon rose over the lake.

When his pole doubled over, he knew something huge was on the other end. His father watched with admiration as the boy skillfully worked the fish alongside the dock. Finally, he very gingerly lifted the exhausted fish from the water. It was the largest one he had ever seen, but it was a bass.

The boy and his father looked at the handsome fish, gills playing back and forth in the moonlight. The father lit a match and looked at his watch. It was 10:00 pm – two hours before the season opened. He looked at the fish, then at the boy.

"You'll have to put it back, Son," he said.

"Dad!" cried the boy.

"There will be other fish," said the father.

"Not as big as this one," cried the boy.

He looked around the lake. No other fishermen or boats were anywhere around in the moonlight. He looked again at his father.
