

Please join us for the
7th Annual Charter Oak Cultural Day Celebration
10-1 pm, Saturday, April 21st
A Multicourse Global Food Gathering

******The I.B. Menu******

FIRST COURSE:

Visit various tables teaching guests about food-related topics from around the world. Sample teas sourced from all over the globe; test your chopstick skills to see how you would fare in Vietnam, Japan, and China; see what Semester at Sea taught 2nd graders about food; find out what's in elementary school lunches from around the world; taste sweets treats from many countries; help plant our own school's global garden; learn about different farming practices from around the world and much, much more!

SECOND COURSE:

Join us in the auditorium for a performance of *Visions of Peace*. Master illusionist, dramatist and world-traveler, Leland Faulkner, artfully illuminates stories about dreaming for a better world. A German folktale is followed by the story of Sadako, a young Japanese girl victimized by the nuclear explosion at Hiroshima. Lastly, bowls fill themselves magically with food and water as hunger and thirst fade into memory. Mr. Faulkner is a recipient of Kennedy Center accolades, multiple award winner for original films, and consultant on the popular film *The Polar Express*.

FINAL COURSE:

Our annual international potluck will take place in the Cafeteria. Gather together as a community while feasting on a global menu of food created by classmates and their families. Appetizers, dishes and desserts will be followed by a raffle.

Leland Faulkner
