

Honors Chemistry Application

Please Print Neatly -- use dark ink

Name: _____ Current Grade Level: _____

Name of *current* Science Teacher: _____
(or *most recent* if not currently taking a science class)

Current Math Class: _____
(By *next Fall*, completion of, or concurrent enrollment in, Alg II/Trig or equiv. is required)

Current Math Teacher: _____ 1st Sem. Grade earned in Math: _____

All applicants will be required to take a one-hour *timed* test which involves math, reasoning, and reading comprehension. Calculators are NOT permitted on this exam. **The exam will be given AFTER SCHOOL in the library on Tuesday, March 13 from 3 - 4 pm.** After you submit your application, you will be given a reminder letter regarding the test.

Your acceptance into Honors Chemistry will be based upon your responses on this application, the results of the test, your grades in math and science classes, and science/math teacher recommendation.

This application (along with the typed essay noted below) is due with your completed 2018-2019 course card and should be submitted to your English teacher. It will then be forwarded to Mr. Hellman for evaluation.

State *why* you wish to be in Honors Chemistry. (What do you hope to gain, and what can you give to the class? What are your future plans?) A **typed** response attached to this page is recommended.
