- 10-Story Office Building
- 100,225 square feet
- It is part of a larger construction that will ultimately include a 1-Story, double-height connector that will link the Tower to the Existing 2-Story building currently located at the site.
- The 10-Story Tower and 1-Story Connector will share a utility room that will house mechanical, electrical, and fire protection equipment serving both elements, which - at construction completion - will combine to form a non-separated, contiguous building.

Space is limited! Register today! RSVP's due by March 1st.
