

Retrofit for Multi-Unit Buildings

Tap Into a Well of Savings!

For Residential & Business Customers

EBMUD offers a WaterSmart Retrofit Program designed to save money on utility bills for multi-unit and commercial properties. This program offers water efficiency upgrades with no up front costs.

Upgrade Your Property

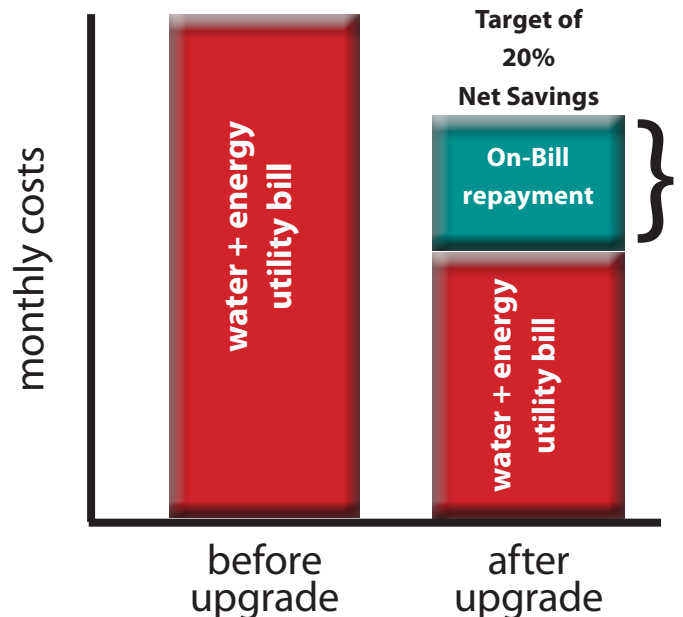

- Install state of the art water saving devices.
- Comply with mandated efficiency upgrades (SB 407).
- Improve the value of your property.
- Help sustain and protect California's natural resources.

Tap into a Well of Savings!

- Install upgrades with no up front costs.
- See immediate savings.
- Make repayments on your water bill.
