

Seminar – Soft Processing of Cylindrical Gears

Seminar
Soft Processing of Cylindrical Gears
June 27-29, 2018

Total Gear Solutions **Gleason**

Invitation

Dear Sir or Madam,

The series of seminars launched by Gleason-Pfauter many years ago has become a permanent resource with gear manufacturing experts. To date we have served well over 2,500 participants. Now this successful seminar is also available in English.

Our seminars support you with qualified training to benefit from recent technical advances.

This seminar is aimed primarily at specialists in production, work preparation and planning who already have a basic knowledge of soft gear manufacturing processes and some experience within the production environment.

We are looking forward to your visit and to making your stay well worth the time and investment.

Seminar Topics

Wednesday, June 27, 2018

- Cutting of Cylindrical Gears with Involute Profile
- Gear Basics
- Deviations in Gears Produced by Cutting Processes
- Hobbing Technology
- Chamfering and Deburring of Gears
- Power Skiving

Thursday, June 28, 2018

- Gear Shaping with „Electronic Helical Guide“
- Guided Plant Tour with Live Demonstrations
- Gear Shaving Technology
- Hobbing Machines and Processes
- Dry Hobbing and Hob Optimization
- Hard Processing of Gears
- Workholding Systems

Friday, June 29, 2018

- Cutting Tools for Soft Machining of Gears
- Gear Measurement
- Gear Examination: Functional or Analytical
- Assessment of Gears

Important Information for Seminar Participants

1. The fee for participating in the three-day seminar including documentation, demonstrations, snacks, 3 lunches, 2 group dinners, soft drinks and bus transfers is € 1,490 (+ VAT) per participant.
2. The number of participants in the seminar is limited to 36. Registrations will be made on a first-come first-serve basis.
3. For participants without their own transport, a shuttle service will be available between the recommended hotel and the Gleason-Pfauter plant.
4. If you have questions on topics of general interest, we will happily consider this content during the seminar. Specific questions will be discussed off the seminar times.

5. After registration we will swiftly confirm your participation. In case the seminar is already fully booked, we will inform you accordingly and add you to the waiting list if desired.

Seminar times
