

Seminar – Hard Processing of Cylindrical Gears

Seminar
Hard Processing of Cylindrical Gears
November 28-29, 2018

Total Gear Solutions **Gleason**

Invitation

Dear Sir or Madam,

The series of seminars launched by Gleason-Pfauter many years ago has become a permanent resource with gear manufacturing experts. To date we have served well over 2,500 participants. Now this successful seminar is also available in English.

Our seminars support you with qualified training to benefit from recent technical advances.

This seminar is aimed primarily at specialists in production, work preparation and planning who already have a basic knowledge of hard gear manufacturing processes and some experience within the production environment.

We are looking forward to your visit and to making your stay well worth the time and investment.

Seminar Topics

Wednesday, November 28, 2018

- Processing before Hard Finishing and Gear Deviations
- Skive Hobbing of Hardened Gears
- Hard Power Skiving
- Threaded Wheel Grinding of Gears
- Power Honing / High-Performance Honing – the alternative in Hard Gear Finishing

Thursday, November 29, 2018

- High-Performance Profile Grinding
- Comparison of Hard Finishing Processes
- Gear Measurement
- Assessment of Gears
- Plant Tour with Live Demonstrations

Important Information for Seminar Participants

1. The fee for participating in the two-day seminar including documentation, demonstrations, soft drinks, snacks, 2 lunches and 1 group dinner is € 1,290 (+ VAT) per participant.
2. The number of participants in the seminar is limited to 36. Registrations will be made on a first-come first-serve basis.
3. For participants without their own transport, a shuttle service will be available between the recommended hotel and the Gleason-Pfauter plant.
4. If you have questions on topics of general interest, we will happily consider this content during the seminar. Specific questions will be discussed off the seminar times.

5. After registration we will swiftly confirm your participation. In case the seminar is already fully booked, we will inform you accordingly and add you to the waiting list if desired.

Seminar times

- Day 1: 8:30 am until 4:30 pm,
evening event
Day 2: 8:00 am until 3:00 pm

Location of event

Gleason-Pfauter Maschinenfabrik GmbH
Daimlerstrasse 14, 71636 Ludwigsburg, Germany
