

Travel Pal!

Looking for a Stress-Free Carpool to Work?

Not only is Travel Pal a great tool for understanding your Personal Mobility Patterns - where you go and how you get there - (driving alone, bicycling, walking or taking the bus), it's also a fantastic way to find a carpool match for your trips to and from work. As more and more people sign up to become Travel Pal Pals the opportunities to find a carpool match increase.

Have you ever considered the benefits of carpooling to and from work? It's a great way to save money, time while doing your part to make our communities a little greener. Each carpool takes at least one car off our busy roads cutting Green House Gas Emissions while saving each person gas money through splitting the cost of gas. Of course, it's nice to save a few dollars however one of the biggest perks is that carpool participants save time! Imagine the travel time saved while traveling in the HOV Lanes! Travel Pal will put a little more money in your pocketbook and, ultimately, add minutes back into your busy day as you breeze by the bumper-to-bumper traffic in the HOV Lane.

How do you do this? Well, it's as easy as 1, 2, 3!

1. Go to <https://southbaytravelpal.com> and register or login to set up your account. You'll want to go into your "Dashboard" and set up your commute preferences.
2. Once you've registered, you're ready to see if there's a Travel Pal match waiting for you. First, go the box "A Start" and enter your home address
3. Next, in the box below "B Destination" enter your work address
4. Simply Click the "Let's Go" Button to see the results.
5. The results will pop up on the left side of the screen. You'll see all the different ways and routes for your commute trip and, if there's a carpool match, you'll see that too.
6. If there's a match you'll see the person's name, intersections near where they live as well as their carpool preferences.
7. Travel Pal will help you make the connection. Simply Click on the "Connect" button and type in your introduction message. Travel Pal will send it and you and your new match can exchange contact information and begin the discussion towards carpooling!

Travel Pal is an exciting new carpool matching tool to help you find other people making trips to and from work near you. As more people join the system more opportunities for carpool matching will be available. Hopefully, you'll find your carpool match the first time, if not, then check back and see if there's someone waiting to "share the ride." Travel Pal is a great tool towards saving time, reducing stress and, ultimately saving you money.
