SEMINAR SERIES 1:00PM - 5:00PM

REGISTER TODAY AT : www.WMDCEXPO.EVENTBRITE.com

Seminar 1A

1:00 - 2:00 pm (HSW CREDIT)

Presenter Harry Lubitz, CSI

Use of Snow Retention Devices: Science or Science Fiction?

Discover the art and science of snow control and its effects, such as snow migration on rooftops of structures.

Seminar 2A

2:30 - 3:30 pm (HSW CREDIT)

Presenter Jason Smith

Open Air Steel Structures

Leveraging design expertise to understanding the differences between specialty and conventional steel manufacturers. Plus, reducing the architect's scope without sacrificing intent and identifying which product is best for your project.

Seminar 3A

4:00 - 5:00 pm (HSW CREDIT)

Presenter Tim Wilson

NFPA 285

Assembly Test of Exterior Walls with Combustible Components

Seminar 1B

1:00 - 2:00 pm

Presenter Mark Smith

Employees, What Employees?

How the Department of Labor's new approach to joint employment can make contractors the employers of record of independent contractors, subcontractors and even personnel retained through outside labor brokers.

Seminar 2B

2:30 - 3:30 pm

Presenter Bruce Courtade

Legal Liability for Design Professionals

Understanding and Reducing Exposure for Claims from Owners, Contractors and Others.

Seminar 3B

4:00 - 5:00 pm

Presenter Bruce Courtade

HEADS WE WIN; TAILS WE LOSE?

This session will focus on options available to parties in a construction contract when problems arise during the course of construction.
