- Any participant wanting to use a VIR receptacle for electricity must pay a \$35.00 fee per event. Participant will be issued a specific identification band (Power Band) for the weekend. The band will be secured around the electrical cord end that plugs into the power source. Security Personnel will periodically check for the installation and proper use of these power bands. Those cables without the proper band will be disconnected from the power source. Violators will receive one warning. VIR encourages all participants to utilize a power generator whenever possible. Additionally, if you utilize paddock space and are using a generator, VIR request that you park on the other edges of the grid to allow access for those purchasing electricity.
