PRESS RELEASE

January 23, 2017

The Shack is Back! Find RadioShack at Enterprise Computer in Clinton

Since 1997, Enterprise Computer has been at the forefront of technology, providing a variety of IT services for homes, businesses, municipalities and schools. Today, its list of services includes computer repairs and sales, data recovery, point-of-sale solutions, networking, and web services. Its on-site, in-store and mobile support options are a testament to the company's ability to adapt to the changing needs of its customers. In a continued effort to meet those needs, Enterprise is proud to announce its partnership with RadioShack, the familiar and popular electronics retailer.

“We're excited about the addition of RadioShack to our offerings,” says Enterprise owner Richard Holton. “It means a wider selection of technology will be available again for local consumers, businesses, technicians and IT staff.”

The RadioShack line includes parts and tools, maker kits, batteries and power accessories, radios and scanners, audio and video products including speakers and cameras, computer and networking accessories, cell phone accessories, car electronics, drones, toys and remote-control vehicles, as well as an extensive line of home and office electronics like televisions, phones, weather stations, flashlights, alarm clocks, intercoms, security/surveillance and much more!

Matthew Eisner, Director of Sales and Strategy for RadioShack's corporate team in Fort Worth, TX says, “We look forward to bringing RadioShack back to communities like Clinton. RadioShack's customer base is loyal and we're excited to return to their neighborhoods.”

The existing Enterprise Computer storefront, located at 83 W. Main Street in Clinton, is undergoing a redesign to have the look and feel of a modern RadioShack, while maintaining the customer service and local approach appreciated by its customers. A Grand Opening is planned for the spring of 2018!

Enterprise Computer has served the Connecticut shoreline and Middlesex County, from New Haven to New London and north to Middletown, for more than 20 years. It has two locations, the Clinton storefront, and one in Branford at 71 West Main Street, near the East Haven border. For more information about its services and the RadioShack expansion, please visit www.enterprisecomputer.com, or call 860-664-3730.
