

# CYBER SECURITY AND TECHNOLOGY FORUM CONFERENCE OF WESTERN ATTORNEYS GENERAL

**Montage Deer Valley  
Park City, Utah  
February 2 and 3, 2017**

**Friday February 3, 2017**

**9:00 am - 10:00 am      Balancing Technological Advances with the Rights of Consumers to Privacy and Data Protection**  
AC Moderator: Idaho Attorney General Lawrence Wasden

## Panelists:

Panelists:  
John Murray, CIO, 1-800-Contacts

John Murray, CIO, 1-800-Contacts  
Stacey Schesser, Supervising Deputy Attorney General, Privacy Unit, Consumer Law Section, California Attorney General's Office

Section, California Attorney General's Office  
Nicholas Ahrens, Vice President, Privacy & Cybersecurity, Retail Industry Leaders Association (RILA)

This panel will address the important issues related to how cyber technology and the right to privacy can clash. Facial recognition and license plate recognition technology may be great tools for law enforcement, but do they adequately protect our citizens' rights to privacy? Does artificial intelligence replace the right of a citizen to make their own decisions?

10:00 am	<b>Cybersecurity and Data Breaches: Where the Technology is Headed and the Resulting New Legal Issues on the Horizon</b>
11:00 am	AG Moderator: Utah Attorney General Sean Reyes

## Panelists:

Mark Ghazai, Director of Cybersecurity and Cloud, Microsoft Enterprise Service  
Scott Talbott, Senior Vice President, Electronic Transactions Association  
Jamie Crabtree, Managing Counsel, LifeLock

Learn about the latest developments in defenses against cyberattacks against individuals and corporate citizens. Does the law provide adequate tools to fight cyberattacks from domestic and foreign sources?

11:00 am  
12:00 pm

**Identity Theft in the Tax Eco-System: Perspectives on trends, best practices and strategies to protect taxpayers**

AG Moderator: Idaho Attorney General Lawrence Wasden

Panelists:

Steve P. Ryan, Partner, McDermott Will & Emery, LLP

Todd Egaas, Director, Technology Operations, U.S. Department of Treasury

Corey Smith, Sr. Litigation Counsel, USDOJ

Doreen Warren, Public Information Director, Idaho State Tax Commission

This panel will examine the data-protection and hacking challenges facing the Internal Revenue Service, State revenue agencies and the private-sector tax preparation industry that works with them. The panel will discuss recent trends in data protection and identity theft, as well as the collaborative activities that are on-going between the IRS, state revenue agencies and the tax preparation industry. This panel will also explore ways that State Attorneys General can assist revenue departments and industry in ongoing consumer protection efforts.

**Adjourn**
