Under the "Student Information" section there are six items. This is where you will find an overview of grades, along with details when you click on *Grades*. This is also where you can order lunch either for the day, week, or month.
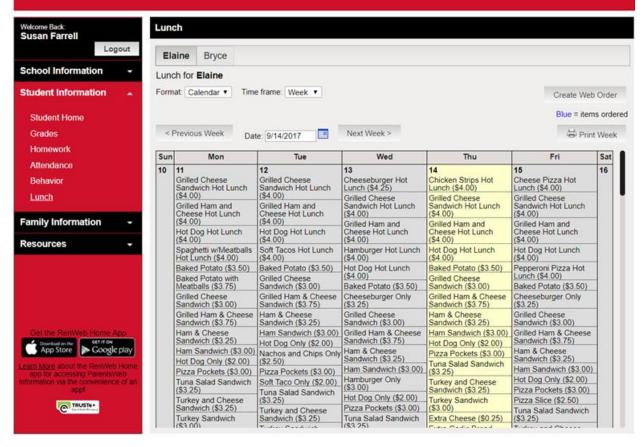

After clicking on *Lunch*, click on *Create Web Order* and make your selections. Please do not place an order after 7:00am on the day of – this has caused issues when students don't realize a lunch has already been ordered, and orders again.
