

PRIVATE LESSONS

MS. MACFARLANE

IS NOW OFFERING PRIVATE PAINTING LESSONS!

I am pleased to announce that I am offering private art lessons to STM students with a desire to develop their gifts. Classes will focus on advanced painting techniques and developing ideas with a personal style.

One-on-one sessions allow for a personalized approach. Projects are custom fit to student's skill level, interests and ideas. Watch as your student soars to new heights!

Private lessons (1-2 students)

I bring the class to your home on the weekends! Great for siblings or play dates. A quiet corner (with a table and chairs) is all that is needed to begin creating art. All ages welcome.

Group classes (3-6 students)

Small groups can be organized for after school intensives in the art room. Classes will utilize the school's art space. Ask your room parents to see who is interested. Grades 3-8 welcome.
