"Welcome" is something the state of Iowa has been expressing through words and actions to refugees from around the globe since the 1970's. For Lutheran Services in Iowa, that tradition and mission dates back to World War II. We believe now –more than ever– we need to join together to support and empower refugee families to pursue their dreams in our community. We invite you to join us in that mission and help us celebrate, empower, and encourage our community's newest citizens.

What to expect:

- Catered Lunch
- New Citizen Celebration
- Inspiring stories from former refugees in central Iowa
- An opportunity to join LSI's team of supporters
- Delicious giveaways and urban farm tour
